INTERNAL OPERATING PROCEDURES

INTRODUCTION

These are the procedures for the Court's internal operations, compiling in summary form various administrative orders, minutes of Executive Committee and Judges' meetings, and previously unwritten customs and practices of the Court. They set out the procedures generally to be used by chambers and the Office of the Clerk of the Court in performing certain administrative tasks.

While the procedures are public and available on request, litigants acquire no rights under them. A current copy of these procedures is also available at the Court's web site <http://www.flsd.uscourts.gov/>. The judges of the Court have agreed to observe all Local Rules and these internal operating procedures in the conduct of Court business.

IOP 1.00.00 ADMINISTRATIVE ORDERS

The Clerk of Court, who is responsible for the care, custody and safekeeping of court records, shall, upon receipt of originals of administrative orders signed by the Chief Judge, file stamp and log them in. Original administrative orders shall be maintained in binders in the Clerk's Office. Copies shall be maintained by the Circuit Librarian and made available to the public.

When an administrative order is sent to the Chief Judge for signature, it must include a date and a sequential number obtained from the Clerk of Court.

The Clerk of Court will make distribution of the orders, unless the Chief Judge elects to do so. The Clerk's Office will publicize administrative orders by providing them to the Daily Business Review, as appropriate, and posting them on the Court's website and in public areas of the Clerk's Office.

IOP 1.01.00 Internal Operating Procedures

The Clerk of Court is responsible for maintaining the original Internal Operating Procedures ("IOPs"), notifying the Court of all subsequent changes in the IOPS, and making sure all new judges receive copies of the IOPs.

IOP 2.00.00 RANDOM ASSIGNMENT OF NEW CASES

IOP 2.01.00 Wheel Consolidation

In an effort to ensure equitable distribution of cases, the criminal and civil wheels were consolidated effective January 1, 2002, as follows: (1) The civil A & B wheels are combined into a single wheel from which all new civil cases, but for capital habeas petitions, will now be assigned; (2) The criminal categories I-II, III, IV, and V wheels are likewise consolidated into a single criminal wheel from which all new criminal cases will now be assigned.

IOP 2.01.01 Assignment of Actions and Proceedings

(a) All civil and criminal cases, including those within a weighted category, shall be assigned on a blind random basis so that the District workload is fairly and equally distributed among the active Judges irrespective of jury division; provided that, whenever necessary in the interest of justice and expediency, the Court may modify the assignments made to active or senior Judges.

(b) The Clerk of the Court shall not have any power or discretion in determining the Judge to whom any action or proceeding is assigned, the Clerk of the Court's duties being ministerial only. The method of assignment shall assure that the identity of the

assigned Judge shall not be disclosed to the Clerk of the Court nor to any other person, until after filing.

(c) The assignment schedule shall be designed to prevent any litigant from choosing the Judge to whom an action or proceeding is to be assigned, and all attorneys shall conscientiously refrain from attempting to vary this Local Rule.

(d) The District is divided into five (5) Divisions: the Fort Pierce Division (Highlands, Indian River, Martin, Okeechobee and St. Lucie Counties); the West Palm Beach Division (Palm Beach County); the Fort Lauderdale Division (Broward County); the Miami Division (Miami-Dade County); and the Key West Division (Monroe County). Cases are assigned by the Automated Case Assignment System to provide for blind, random assignment of cases and to equitably distribute the District's case load. Each Judge in the District has chambers in one (1) of three (3) Divisions (Miami, Fort Lauderdale or West Palm Beach). A Judge with chambers in one (1) Division may be assigned a case with venue in another Division.

IOP 2.01.02 Responsibility for Actions and Proceedings

Every application for an order, including those made in connection with appellate proceedings, shall be made to the Judge to whom the action or proceeding is assigned. The assigned Judge shall have full charge thereof and no changes in assignment shall be made except by order of the Judges affected; provided, that upon the failure or inability of any Judge to act by reason of death or disability, a change in assignment may be made by the Chief Judge.

IOP 2.02.00 "One Division" Rule

In the interest of reducing the expense and inconvenience to litigants and counsel associated with holding and attending court in distant locations, the Court will, to the extent possible, limit the assignment of cases outside of the division of their origination. Although the distribution of judges and filings across the District rules out a system in which each judge's caseload is equal and is composed entirely of cases originating in the division in which the judge sits, it is possible to limit case assignments to the originating division or an immediately contiguous division. Stated more simply, under this rule, when a newly-filed case must be assigned to a judge outside of the division of its origination, it will be assigned to a judge who sits in a neighboring division. Under this rule, hereafter referred to as the "one division rule," no Miami cases will be assigned to a judge who sits in the Palm Beach division, and vice versa. When, for example, there is a need to assign a Palm Beach case to a Judge outside that division, only Fort Lauderdale Judges will be chosen for assignment.

IOP 2.02.01 Implementation of One Division Rule

The “One Division Rule” will commence with the first wheel replenishments occurring after January 1, 2002. Thereafter, every attempt will be made to assign the maximum numbers of cases arising in a particular venue to the judges who preside in that venue.

IOP 2.02.02 Exceptions to the One Division Rule

The rule does not consider the Key West and Fort Pierce wheels, in which participation is voluntary, nor does it prohibit senior judges from taking assignments in any division they might prefer. Moreover, as an accommodation to the Court, active Judges may from time to time be authorized to accept new assignments in a manner contrary to the rule. For example, Judge Middlebrooks is currently, as an accommodation to the Court, taking a fixed percentage of criminal cases originating in Miami, although he now presides in West Palm Beach. Finally, there may well be unanticipated emergencies which might require some limited two-division spillover assignment to maintain equality of caseload. The existence of an emergency sufficient to require varying from the rule, however, will be determined only by the Clerk in consultation with the Court.

IOP 2.03.00 Calculation of Senior Judge Participation

Senior judge participation in the case assignment system shall be calculated as a percentage of an active judge’s average.

IOP 2.04.00 Assignment of Cases to Newly Appointed Judges

Newly appointed judges shall be placed on the case assignment wheel no later than fifteen (15) days after they are first sworn to perform their judicial duties.

IOP 2.05.00 Transfer of Cases to Newly Appointed Judges

IOP 2.05.01 Civil

The average number of pending civil cases per active judge shall be determined by dividing all civil cases pending before active judges as of a given date by the number of active judges. **Example:** 1000 pending civil cases divided by 15 judges, equals 67 cases per judge.

The same process is then applied after adding the number of new judges to the number of active judges. **Example:** Two new judges are appointed. 1000 pending civil cases divided by 17 judges, equals 59 cases per judge.

Each active judge will transfer the difference in the average number of pending cases after accounting for the new judges. Example: Using the above formula, four new cases are transferred to each new judge, for a total of eight transferred cases.

The Clerk's Office will randomly select the cases to be transferred in consideration of the new judge's divisional location. Every attempt will be made to give the new judge the same proportion of “home” division cases as the other active judges in that division, as appropriate.

IOP 2.05.02 Criminal

Each judge shall transfer to the new judge a number of criminal cases to be determined by the Court.

IOP 2.05.03 Cases Excluded from Reassignment

Criminal cases which the United States Attorneys' Offices has declared or which the judge anticipates will require more than 21 days to try, as well as cases involving bond jumping, are not subject to reassignment. Habeas corpus death cases, consolidated cases including multi-district litigation cases, 2255s, Fort Pierce and Key West cases, sealed cases, civil cases pending 18 months or longer, and cases received via transfer or recusal are also excluded from the reassignment process. In addition the transferring judge may exclude from transfer any case that has involved a substantial amount of judicial effort or in which any motion is pending that is ripe for disposition by that judge.

IOP 2.05.04 Procedures after Reassignment

The Clerk of Court shall furnish each transferring judge with a list of cases to be transferred as of a date certain (the “transfer date”).

After receiving the list of cases to be transferred, the transferring judge shall, within 30 days, rule upon all pending motions and transfer those cases selected by the Clerk to the newly-appointed judge. If any case on the list is excluded from transfer, pursuant to Rule 2.05.03, or is for other reasons not an appropriate case for transfer, the transferring judge shall select the next case in sequence on his or her list that is eligible for transfer and transfer it to the new judge. Thereafter, the transferring judge shall make no adjustments.

Judges shall not issue “boiler-plate” orders denying pending motions without prejudice to review same before the new judge.

All transferring judges must complete a status sheet in the form prepared by the Clerk for every case transferred.

IOP 2.05.05 Recusals After Transfer

New judges receiving transferred cases should make reasonable efforts within the first 120 days following transfer to determine if grounds exist requiring recusals. If, within the first 120 days following transfer, a new judge determines that he or she must recuse, the new judge shall enter an order of recusal, and send the case back to the transferring judge. The transferring judge shall select and transfer a substitute case. If, after the expiration of 120 days following transfer, a new judge determines that he or she must recuse, the new judge shall enter an order of recusal, and the case shall be reassigned by the Clerk following normal procedures.

IOP 2.06.00 Transfer of Higher-Numbered Cases

Each division in the Southern District of Florida has its own series of numbers which are sequentially assigned to cases. Therefore, for the purpose of higher-numbered transfers, the “lower-numbered” case refers to the earlier-filed case. The judge assigned the higher-numbered case shall prepare a proposed Order of Transfer and a Notice to the parties that the higher-numbered case is transferred to the docket of the judge having the lower-numbered case, effective upon that judge’s consent to the transfer.

The transferring judge shall forward a copy of the transfer order to the transferee judge for review. The transferee judge must respond to the proposed transfer within thirty days from the date the transferring judge forwards the file. A case will be automatically assigned to the receiving judge if that judge has not responded to the transfer request within thirty days. The transferring judge shall use a form providing for signature by the accepting judge.

Subject to the above time limitation, the transfer of the higher-numbered case must be with the consent and approval of the receiving judge.

No higher-numbered transfer shall be initiated by a judge ordering the Clerk of Court to reassign the case to another judge.

IOP 2.07.00 Miscellaneous Transfers and Reassignments

Judges may confer and directly transfer all or any part of a case on the judge’s docket to any consenting judge. Notice shall be provided to all parties.

IOP 2.07.01 Reassignment of Cases Due to Recusal, Temporary Assignment or Emergency

(a) The procedure for reassignment of cases due to recusal, temporary assignment or emergency shall be similar to the blind filing assignment for newly-filed cases and shall be administered in a manner approved by the Court so as to assure fair and equitable distribution of all such matters throughout the District.

(b) Any emergency matter arising in a case pending before a Judge who is physically absent from the District or who is unavailable due to illness, or is on vacation may, upon written certification as to each matter from the Judge's office setting forth such grounds therefor, be referred to the Clerk of the Court for reassignment under a blind random assignment procedure. Such assignment, when effected, shall be of temporary duration, limited only to the immediate relief sought, and the case for all other purposes or proceedings shall remain on the docket of the Judge to whom it was originally assigned.

(c) Uncontested matters wherein the parties cannot be prejudiced through delay occasioned by the normal course of business shall not be deemed emergency matters for referral.

(d) The Clerk of the Court shall not have any discretion in determining the Judge to whom any such matter is assigned, nor shall the Clerk of the Court disclose the name of the Judge to attorneys or other persons until after the assignment has been made.

IOP 2.08.00 Assignment of Cases and Referrals to Magistrate Judges

IOP 2.08.01 Magistrate Judge Pairing Plan

The judges shall be paired to individual magistrate judges by the Chief Judge in consideration of the following:

- (a) the equal distribution of workload among the magistrate judges and,
- (b) the preferences of the district judges, including senior judges, taking into consideration their seniority and their past referral practices.

The pairing shall be for a period of three years in order to promote continuity in the processing of cases, while allowing each magistrate judge to have exposure to several district judges during his or her term.

As of April 1, 2002, and subsequently at the end of each three year period in all cases assigned to district judges with whom the magistrate judge is not paired, each magistrate judge shall retain until disposition all previously referred fully briefed motions. In addition, each magistrate judge shall dispose of all other referred

motions that become ripe for disposition in such cases until all fully briefed motions have been ruled upon by the magistrate judge. Upon the magistrate judge's disposition of all fully briefed motions in any case assigned to a district judge with whom the magistrate judge is not paired, the magistrate judge shall certify to the district judge to whom the case is assigned that all such motions have been ruled upon and the district judge will then issue an order directing the clerk of court to transfer the case to the "paired magistrate judge." The magistrate judges shall use their best efforts to dispose of all motions in cases assigned to district judges with whom they are not paired within 60 days of the commencement of the three year rotation.

1. In the event of a higher-numbered case transfer or a recusal by a district judge within 30 days of a case assignment, the Clerk's Office shall concurrently reassign the case to a district judge and the magistrate judge with whom the newly-assigned district judge is paired. In the case of all other district judge recusals, the procedures set forth above with respect to the disposition of fully briefed motions prior to transfer shall apply.
2. In any case filed after April 1, 2002, from which a magistrate judge recuses himself or herself, the Clerk's Office shall randomly assign another magistrate judge to the case. For any case filed before April 1, 2002, which is subject to transfer pursuant to the Court's Magistrate Judge Pairing Plan, but with respect to which the transferee magistrate judge recuses himself or herself, the case shall be returned to the transferor magistrate judge.
3. District judges shall retain full discretion concerning the type and volume of matters referred. However, referrals shall be only to the "paired" magistrate judge, unless a district judge after conferring with and obtaining the agreement of the district judges with whom another magistrate judge is paired determines that a case or motions should be assigned to or remain with such other magistrate judge (e.g., because of a prior related case, because a magistrate judge has devoted substantial time to an unusually complex case, or for some other meritorious reason), and so notify the Clerk's Office in writing.
4. Any consent trial, consent motion for summary judgment, and other "consent motion" shall remain with the magistrate judge who was assigned to the case when the consent was given.

IOP 2.09.00 Motions for Travel Referrals to a Magistrate Judge

Any motion for travel by a defendant released on bond will be ruled on by the district judge to whom the defendant's case is assigned unless that district judge specifically refers the matter to the magistrate judge with whom the district judge is paired for

criminal matters. Magistrate judges must have an order of referral prior to acting on such a motion.

IOP 2.10.00 Assignment by Reason of Disability, Disqualification, or Death of a Judge

Reassignments necessitated by the death, retirement, resignation, or incapacity of any judge, or by any other circumstances, shall be determined at the discretion of the Chief Judge.

IOP 2.11.00 Assignment to Visiting Judges

Cases may be assigned to visiting judges at the discretion of the Chief Judge.

IOP 2.12.00 Death Penalty/Habeas Corpus Cases

Each active judge shall have one case assignment ballot in the death penalty/habeas corpus wheel and may not be assigned another death penalty/habeas corpus case until every other judge has received one and the wheel has been refilled. In the event the judge whose ballot is drawn is out of the district, his ballot will be reinserted into the wheel and another ballot will be drawn.

Once the Governor signs a death warrant, but before the case is filed, a judge will be drawn from the capital wheel. If the case does not come to federal court, that judge's ballot will be reinserted in the wheel.

In all death cases, an initial status conference shall be scheduled within five business days after assignment to a judge. If an evidentiary hearing is required, or if additional oral argument is scheduled, that hearing shall be conducted no later than thirty days after the initial hearing. In addition, the assigned judge will, in appropriate circumstances, enter the following:

- (a) An order directing the respondent to file a response and furnish transcripts of the trial and other hearings within five days from the date the petition is filed;
- (b) An order directing the parties to complete the habeas corpus check list recommended by the Eleventh Circuit Court of Appeals within twenty-four hours of the filing of the petition.
- (c) The judge shall render a final written opinion within five months of the conclusion of the last hearing held. All habeas corpus death cases shall be decided in the Southern District of Florida within a maximum period of six months and five days from the date of the filing of the petition. If a judge is unable to complete a final

written opinion within five months of the final hearing, that judge will notify the Chief Judge in writing. The notification shall describe the reasons for the delay and the expected completion date.

The Chief Judge may assist the assigned judge by reassigning any other criminal cases assigned to that judge until the completion of the death case. If a petition for rehearing is filed, it shall be ruled on within sixty days from the date of filing. The Clerk shall notify the assigned judge and the Chief Judge in the event the deadline is not met.

IOP 2.13.00 Court Policy for Scheduling Trials and Calendar Conflicts Arising in the Southern District of Florida

In resolving any calendar conflicts among the judges of this district and between judges of this district and state judges, the following procedures and priorities are established:

- (a) Criminal cases shall prevail over civil cases.
- (b) Jury trials shall prevail over non-jury trials.
- (c) Court of Appeals arguments and hearings shall prevail over trials.
- (d) The case in which the trial date has been first scheduled in writing shall take precedence over any later written or oral order scheduling trial.
- (e) A trial in progress prevails over those that have not yet begun.
- (f) Circumstances such as cost, number of witnesses and attorneys involved, travel, length of trial, age of case, and other relevant matters may warrant deviation from this policy. Such matters should be resolved through communication between the judges involved.
- (g) Unless precluded by constitutional or statutory considerations, scheduling conflicts of Criminal Justice Act (CJA) attorneys should be given priority during any given calendar. Judges should be sensitive to the competing commitments of a Criminal Justice Act attorney's caseload absent compelling circumstances which militate against accommodating that attorney's scheduling request.
- (h) The Court should entertain motions for continuances, timely notices of scheduling conflicts, and/or notices of emergency proceedings in another court, either federal or state, on a timely basis and grant such relief when requested.

IOP 2.14.00 Emergency Matters

Any emergency matter arising in a case pending before a judge who is physically absent from the Southern District of Florida, or who is on vacation, may, upon written certification of unavailability from the judge's chambers, be referred to the Clerk for reassignment under a blind random assignment procedure. Such reassignment shall be limited only to the immediate relief sought, and the case for all other purposes and proceedings shall remain on the docket of the judge to whom it was originally assigned.

IOP 2.15.00 Transfer of Refiled and Similar Actions and Procedures

(a) Refiled. Whenever an action or proceeding previously dismissed without prejudice is refiled without a substantial change in issues or parties, judges should confer and discuss whether the case should be transferred to the judge who previously dismissed the action or proceeding and, upon agreement, it shall be transferred to the judge who previously dismissed the action or proceeding.

(b) Post-conviction Relief, Criminal. Whenever a second or subsequent action seeking post-conviction or other relief petition for writ of habeas corpus is filed by the same applicant involving the same offense, the action shall be transferred to the Judge who took the action from which review is sought, or any successor Judge. All motions under 28 U.S.C. § 2255 shall be assigned to the Judge who took the action from which review is sought, or any successor Judge.

(c) Similar. Whenever an action or proceeding is filed in the Court which involves subject matter which is a material part of the subject matter of another action or proceeding then pending before this Court, or for other reasons the disposition thereof would appear to entail the unnecessary duplication of judicial labor if heard by a different Judge, the Judges involved shall determine whether the newly filed action or proceeding shall be transferred to the Judge to whom the earlier filed action or proceeding is assigned.

IOP 2.16.00 Recusals

Recusal orders may refer to Title 28 U.S.C. § 455 as grounds for recusal. Whether to recite additional reasons for recusal shall be left to the sound discretion of the recusing judge.

In the event of recusal in any matter, the assigned Judge shall enter the fact of recusal on the record and refer the matter to the Clerk of the Court for permanent reassignment to another Judge in accordance with the blind random assignment system.

IOP 2.16.01**Recusals in Cases Pending Two Years or More**

When a judge receives a case on reassignment from a recusing judge and the case has been in the recusing judge's inventory two years or more, the receiving judge may transfer a like case to the recusing judge.

IOP 2.17.00 Assignment of Cases to Chief Judge

The Chief Judge may elect to take a reduced caseload in consideration of the increased administrative duties for which the Chief Judge is responsible.

**IOP 3.00.00 ADMINISTRATIVE DUTIES AND RESPONSIBILITIES

IOP 3.02.01 Implementation of Set Term for Chief Bankruptcy Judge

The Chief Judge shall set the term for the Chief Bankruptcy Judge.

IOP 3.03.00 Case Assignments and Case Management

The Court has agreed that the below guidelines will be followed in connection with the utilization of jury panels:

- (a) Any judge who is willing to volunteer to commence jury selection in the afternoon (noon or later) should advise the Jury Administrator.
- (b) Judges should only request the number of jurors that can reasonably be inquired of on a particular day (e.g. with a “high-profile” case, or one that will involve extensive jury voir dire do not request all the jurors that may eventually be necessary). For example, even though a large or special panel of 200 or more may be necessary for a particular case, usually no more than 50 jurors can usually be questioned on a single day.
- (c) Judges should not unnecessarily direct the excusal of jurors (e.g., if some jurors are excused or challenged during voir dire, they should not be instructed to go home, go to lunch, or come back on a day certain as the jury staff may want to utilize those jurors in another way).
- (d) No jury panel should be summoned on Fridays. Additionally, if judges compress their jury selections on Monday through Wednesday, the Jury Administrator can more effectively “pool” jury panels for use by more than one judge.
- (e) During the winter months, the Court should be mindful of releasing jurors after dark.

In Miami, when a civil or criminal case is filed, the Clerk of Court assigns a magistrate judge for the purpose of handling matters referred by the assigned district judge pursuant to the Miami Magistrate Judge Pairing Assignment Plan.

When a civil case is filed in Fort Lauderdale, West Palm Beach, or Fort Pierce, the Clerk of Court assigns a magistrate judge for the purpose of handling matters referred by the assigned district judge pursuant to the Central (Fort Lauderdale) and Northern (West Palm Beach, Fort Pierce) Divisions Pairing Plan.

A Duty Magistrate Judge shall be available at all times to perform such functions. The Duty Magistrate Judge shall be reasonably available at the Courthouse during regular business hours and by telephone at all other times. IOP 7.00.00 COURTROOM SCHEDULING

When a Southern District judge finds he or she must try a case in another division of the district, the judge will contact the Clerk of Court to obtain an available courtroom. If the case is expected to be protracted, the request must be in writing and signed by the judge. In the event the particular space requested has already been reserved by another judge, the Clerk of Court shall notify the requesting judge, both orally and in writing, that the space is not available.

It shall be the responsibility of any judge who has reserved space to immediately notify the Clerk of Court of the cancellation of such reservation in the event that the space is not needed.

A judge may be assigned to only one courtroom at a given time. There will be no double reservation of courtrooms unless a judge is simultaneously presiding over separate trials.

Once the date for the empanelment is set by the Duty Judge in consultation with the clerk, the date will be firm and not subject to change. Rule 6(f) of the Federal Rules of Criminal Procedure makes provisions for a grand jury return to be taken by a United States Magistrate Judge.
